IMRAD Format and Function Worksheet

Find the following sentences in the article provided.

A) We began making telephone calls to caregivers following discharge starting on 16 April 2008.

B) The major limitation was that we could not trace the patients who were discharged from our hospital and went to other hospital's ED within 3 days after discharge because the information was not circulated among hospitals.

C) To date, there is limited information on the effect of post-discharge telephone calls in ameliorating or addressing deficiencies of inpatient treatment and discharge planning in paediatric patients.

D) There were no significant differences between the two groups in age, gender and length of hospitalisation (Table 1).
