

Appendix A

Word Wall Group Activity

Directions: Each group will be given one adjective to use for their word wall poster. The poster will have several parts, which include the following-

- A) the word and its definition
- B) the Japanese equivalent of the word
- C) 3 synonyms and one antonym
- D) the word used in a sentence (at least 7 words in the sentence)
- E) a visual representation of the word

Each group will consist of 4 members. Each group member has a specific role.

- 1) **Reader-** your role is to find the definition of the word. You will read the definition to your other group members and make sure everyone understands what your word means. You will also find the Japanese equivalent of the word. In addition, you will find 3 synonyms (words that have the same or very similar meaning) and one antonym (words that have the opposite meaning).
- 2) **Writer-** Your task is to create a sentence using the adjective (must be a grammatically correct sentence of at least 7 words in length). You will write the sentence on the poster. You will also write the definition and 3 synonyms and 1 antonym on the poster. The placement of these items is up to you and the other group members.
- 3) **Drawer-** You will create a visual representation of your adjective. The representation must include the word along with some kind of picture that represents the meaning of the word. Be creative when deciding on the visual representation.
- 4) **Presenter-** You will present your word wall poster to the class after the project is finished. You must show the poster to the class, explain the adjective, and explain your poster (tell how the visual representation expresses the meaning of your word).

When all the posters have been presented we will hang them on the wall-thus forming our very own '**Word Wall**'!!!!
