

Appendix

Example of chunked script adapted from LeBeau (2021)

Good morning,

My name is Emily Tanaka.

Today, I'd like to introduce my hometown ---

San Francisco, California.

This information will help you decide

if you want to visit San Francisco

during your summer vacation.

I've divided the information into four parts:

First, what's there to see?

Second, what's there to do?

Third, what's there to eat?

And fourth,

getting around the San Francisco area.

Let's begin with our first point ---

what's there to see?

There is always something interesting to see in San Francisco.

For example,

are you a baseball fan?

Then, on June 15th,

you can see the San Francisco Giants play the New York Yankees.

Are you a music fan?

Then, on June 14th,

you can see a concert by Taylor Swift.

Next, what's there to do?

Shopping!

There's a wide variety of unique shops and boutiques.

Every summer,

Union Square has a fantastic sale.

Best of all, you can visit the Apple Store

and check out the latest gadgets.

You'll be the envy of your friends
when you get back to school.

Next, what's there to eat?

San Francisco has many excellent restaurants,
but my favorite is Fisherman's Wharf.

Have you ever had clam chowder bread bowl?

Well, it's amazing!

Finally, getting around the San Francisco area.

San Francisco has an excellent public transportation system,
but most importantly,
you can rent a scooter
and zip around the city with ease.

So, in conclusion,

visit San Francisco this summer!

You can

see a Major League Baseball game,

shop at the Apple Store,

eat clam chowder, and

scooter everywhere!

Thank you for your attention.
