Student Survey: Interesting Questions

Your Interesting Classmate

Your teacher will give you the name of a student. Now go around the room and ask your classmates what interesting information they found out about this person.

Example (Rina is looking for information about Makiko, and Daisuke is looking for information about Toma):

Rina: *Hey! Did you speak to Makiko?*

Daisuke: *Hi! No, I'm afraid I didn't speak to her. Can you tell me something about Toma?*

Rina: *Yes! I asked her (your question). She said (her answer).*
